

2015 Asian Core Program Lectureship Award on Cutting-Edge Organic Chemistry in Asia (by Coordinator of Taiwan)

October 12–17, 2015

Kazuaki Ishihara, Graduate School of Engineering, Nagoya University

October 12 (Mon.) From Nagoya to Taipei

Meeting with Dr. Rong-Jie Chein at Academia Sinica.

October 13 (Tue.) One day trip to Kaohsiung

Lecture at National Sun Yat-sen University (Host: Prof. Ming-Jung Wu)

“Rational Design of Supramolecular Acid–Base Catalysts”

October 14 (Wed.) Stay in Taipei

Lecture at National Taiwan Normal University (Prof. Hsyueh-Liang Wu)

“Rational Design of Supramolecular Acid–Base Catalysts”

October 15 (Thu.) Stay in Taipei

Lecture at Academia Sinica (Prof. Rong-Jie Chein)

“Rational Design of Supramolecular Acid–Base Catalysts”

October 16 (Fri.) Stay in Taipei

Meeting and Discussion with faculty members at Academia Sinica (Host: Prof. Rong-Jie Chein)

October 17 (Sat.) Return to Nagoya

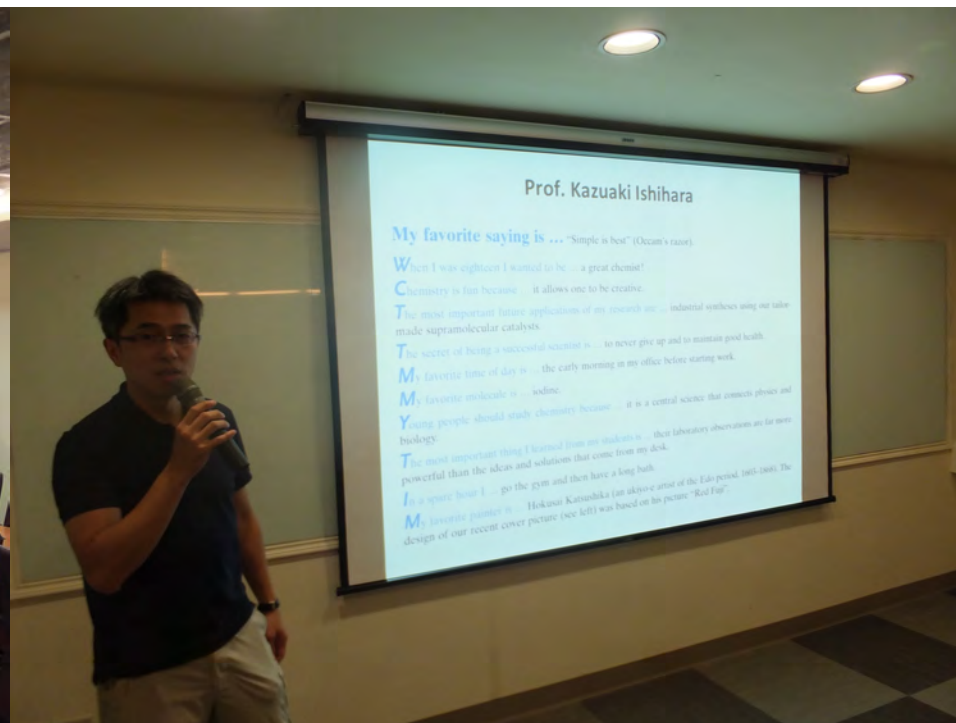

National Sun Yat-sen University

National Taiwan Normal University

Academia Sinica

Introduction by Dr. Rong-Jie Jein (Academia Sinica)

National Taiwan Normal University

National Sun Yat-sen University

Academia Sinica
