

Report of Lectureship Tour in Taiwan, May. 30-June 4, 2016

Prof. Ken Tanaka

Department of Chemical Science and Engineering,

Tokyo Institute of Technology

E-mail: ktanaka@apc.titech.ac.jp

SCHEDULE:

May 30th (Mon): Arrival at Taipei

May 31th (Tue): Move to Hsinchu and, visit and lecture at Dept. of Chemistry, National Sun Yat-sen University in Hsinchu (Host: Prof. Ming-Jung Wu)

June 1th (Wed): Move to Hsinchu and, visit and lecture at Dept. of Chemistry, National Tsing Hua University in Hsinchu (Host: Prof. Chien-Hong Cheng)

June 2th (Thu): Move to Taipei and free day

June 3th (Fri): Visit and lecture at Dept. of Chemistry, National Taiwan Normal University in Taipei (Host: Prof. Hsyueh-Liang Wu)

June 4th (Sat): Flying back to Tokyo

Lecture Title: Synthesis of Strained Chiral Aromatic Compounds by Transition-Metal-Catalyzed Aromatic Ring Construction

National Sun Yat-sen University

National Tsing Hua University
