

Report of Lectureship Tour in Taiwan, 2016

Yuki Naganawa

Department of Chemistry & Biochemistry, Graduate School of Engineering
The University of Tokyo

E-mail; ynaganawa@chembio.t.-u-tokyo.ac.jp

Schedule

(18-23 September, 2016)

Day 1. 18 September (Sun)

Arrived at Taipei

Day 2. 19 September (Mon)

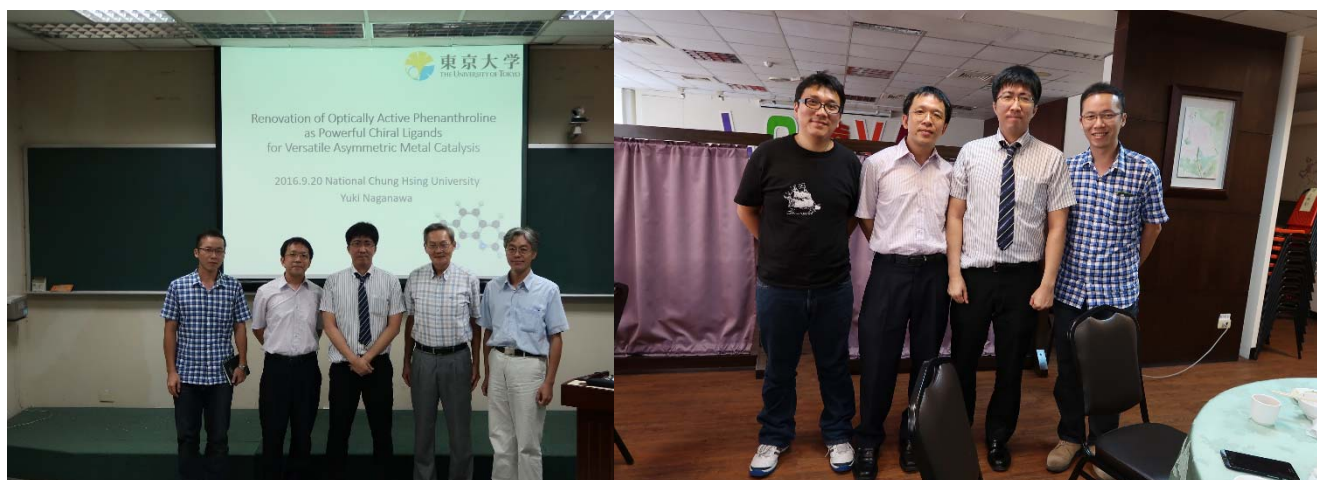

One day Taipei tour with students of Prof. Kwunmin Chen

Day 3. 20 September (Tue)

Moved to Taichung, Visited to **National Chung Hsing University (Host: Prof. Chin-Fa Lee)**

Lecture: Renovation of Optically Active Phenanthroline as Powerful Chiral Ligands for Versatile Asymmetric Metal Catalysis

Moved back to Taipei

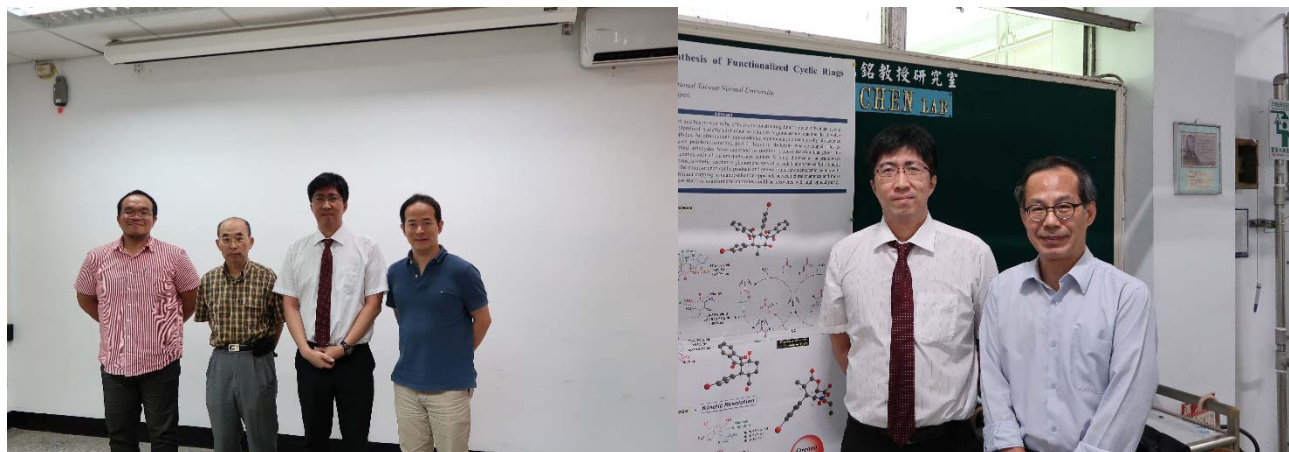

Day 4. 21 September (Wed)

Visited to **National Taiwan Normal University (Host: Prof. Kwunmin Chen)**

Lecture: Renovation of Optically Active Phenanthroline as Powerful Chiral Ligands for Versatile Asymmetric Metal Catalysis

Meeting: with Profs. Hsyueh-Liang Wu and Tun-Cheng Chien

Day 5. 22 September (Thr)

Visited to **Academia Sinica (Host: Dr. Jiun-Jie Shie)**

Lecture: Renovation of Optically Active Phenanthroline as Powerful Chiral Ligands for Versatile Asymmetric Metal Catalysis

Meeting: with Drs. Jiun-Jie Shie, Fen-Tair Luo, Cheng-Chung Wang and Ming-His Chiang

Day 6. 23 September (Fri)

Moved back to Tokyo
