

## Report of Lectureship Tour in TAIWAN, May 13-19, 2018

Yujiro Hayashi

Department of Chemistry, Faculty of Science, Tohoku University

yhayashi@m.tohoku.ac.jp

May 13: arrive at Taipei

May 14: National Taiwan Normal University (國立台灣師範大學)

Lecture: Pot Economy and Time Economy in the Synthesis of Biologically Active Molecules

Host: Prof. Hsueh-Liang Wu

May 15: Short Tour at Yehliu(野柳) and discussion with chemistry with Prof. Wu at NTNU

May 16: National Tsing Hua University (國立精華大學)

Lecture: Pot Economy and Time Economy in the Synthesis of Biologically Active Molecules

Host: Prof. Chien-Tien Chen

May 17: Academia Sinica (中央研究院)

Lecture: Pot Economy and Time Economy in the Synthesis of Biologically Active Molecules

Host: Rong-Jie Chein

May 18: National Taiwan University (國立台灣大學)

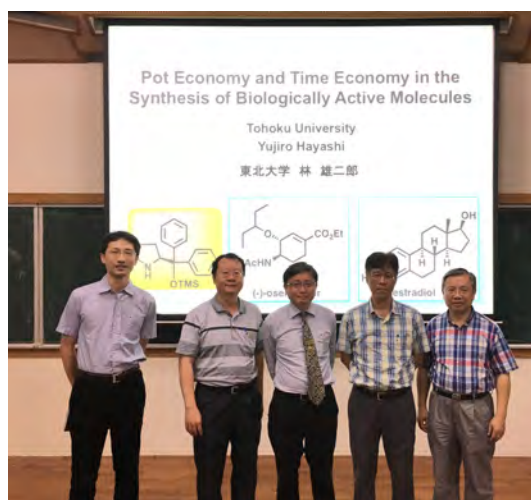

Lecture: Pot Economy and Time Economy in the Synthesis of Biologically Active Molecules

Host: Richard Cheng

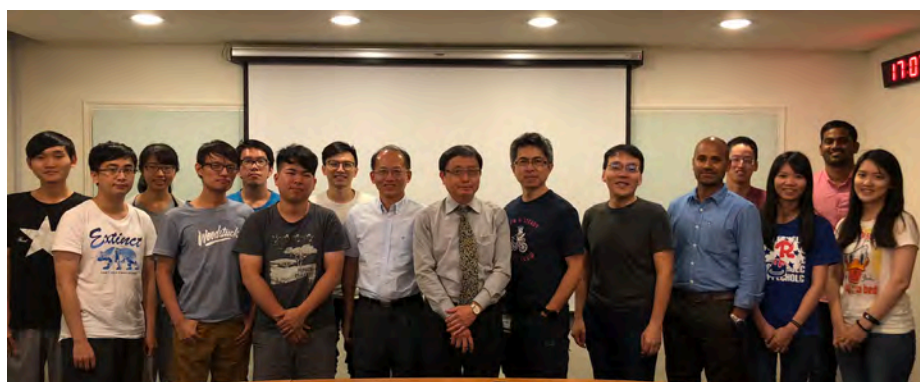

May 19: return to Sendai

National Taiwan Normal University (國立台灣師範大學)

National Tsing Hua University (國立精華大學)

Academia Sinica (中央研究院)

Dinner with professors at 國立台灣大學 and Prof. Makoto Fujita
