

Report of Lectureship Tour in Taiwan, September. 2-September 7, 2018

Associate Professor Shinichiro Fuse

Laboratory for Chemistry and Life Science

Institute of Innovative Research, Tokyo Institute of Technology

E-mail: [sfuse@res.titech.ac.jp](mailto:sfuse@res.titech.ac.jp)

SCHEDULE:

September 2nd (Sun)

Arrival at Taipei

September 3rd (Mon)

Lecture at Genomics Research Center, Academia Sinica in Taipei

Discussion with Dr. Jiun-Jie Shie

Discussion with Dr. Cheng-Chung Wang

Discussion with Dr. Wei-Chieh Cheng

Discussion with Dr. Shang-Cheng Hung

(Host: Dr. Shang-Cheng Hung)

September 4th (Tue)

Visit National Taiwan University in Taipei

Discussion with Dr. Tsung-Shing Wang

September 5th (Wed)

Move to Hsinchu

Lecture at Department of Chemistry, National Tsing Hua University in Hsinchu

Discussion with Prof. Biing-Jiun Uang

Discussion with Dr. Sheng-Kai Wang

Discussion with Ph.D. course students of Prof. Chun-Cheng Lin

(Host: Prof. Chun-Cheng Lin)

September 6th (Thu)

Move to Kaohsiung

Lecture at Department of Chemistry, National Sun Yat-sen University in Kaohsiung

Discussion with Ph.D. course students of Prof. Po-Chiao Lin

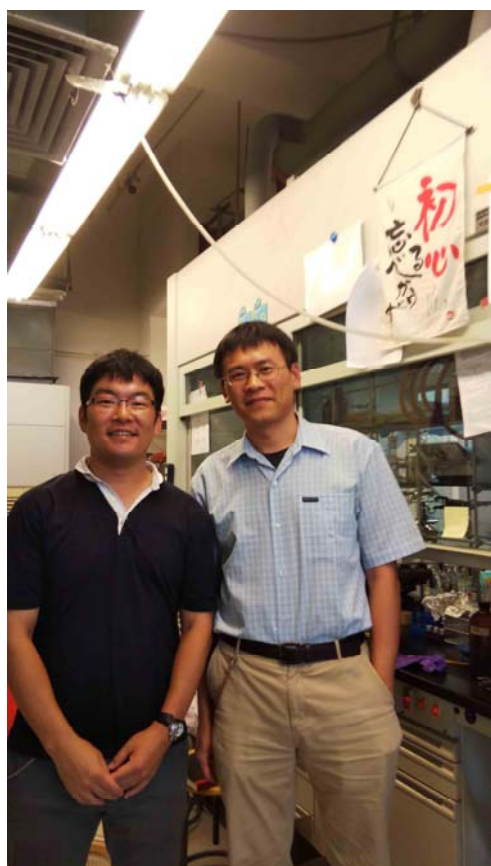

(Host: Prof. Po-Chiao Lin)

September 7th (Fri): Move to Taipei, Flying back to Tokyo

Lecture Title: Highly Efficient Amide Bond Formation based on Rapid and Strong Activation of Carboxylic Acids in Micro-flow Reactors

Academia Sinica with Dr. Shie and Prof Hung

National Taiwan University with Dr. Wang

National Sun Yat-sen University with Prof. Lin
